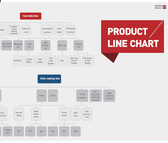
COMPANY PROFILE

THE PROFESSIONAL CAN MAKING MACHINERY MANUFACTURER

Better than your imagine!

Founded in 1994, Dongguan Putian Birda Machinery Co., Ltd. is one of the first Chinese manufacturers of can making machinery. Our factory covers an area of 20,000 square meters and employs more than 200 staff. Birda Group also has a sister company in Taiwan, which is a well-known manufacturer of can making machinery. Our main products are: beverage can production line, food can production line, combination machine for beverage can, combination machine for food can, milk powder can production line, composite can production line, paint can production line, automatic can making machine for paint can, automatic can curling machine, aerosol can production line, aerosol can making machine, ring production line, ends production line, high speed press line, moulds, other equipments, conveyor system, can diameter specification table, etc. Our products are exported to Europe, America, Middle East, Southeast Asia, Africa, Australia and other countries. Our company has passed the ISO 9001 quality management system certification, and our products have obtained the CE certification. We have the ability to design and manufacture various can making machinery according to customer's requirements. We can also provide customer with the whole set of can production line, such as: beverage can, food can, milk powder can, composite can, paint can, aerosol can, etc. Our company adheres to the principle of "Quality First, Customer Priority, Continuous Improvement", and we will provide the best service to customers.

PRODUCT LINE CHART



BEVERAGE CAN PRODUCTION LINE

COMBINATION MACHINE FOR BEVERAGE CAN

Product Introduction

- Bodies sorter, washer, coater, inspection camera, machine curve, palletizing machine are all in one machine.
- The flow line can be arranged according to customer's requirement.
- Suitable for 2pc and 3pc beverage cans.
- Suitable for 2pc can body.
- Full automatic control system.
- Equipped with the sorting system, suitable for sorting cans.
- Equipped with automatic stacking and palletizing system, suitable for sorting cans and for cans with a certain distance between each other.
- Machine speed: 1CTS, 2CTS, 3CTS, 4CTS, 5CTS, 6CTS, 7CTS, 8CTS, 9CTS, 10CTS.
- Equipped with CIP, CIP Pressure.

MILK POWDER CAN PRODUCTION LINE

COMBINATION MACHINE FOR MILK POWDER CAN

Flanging, Double Seaming, Washer, Coating

Product Introduction

- Flanging, Double seaming, washer, coating are all in one machine.
- The flow line can be arranged according to customer's requirement.
- Suitable for 2pc can body.
- Full automatic control system.
- Equipped with the sorting system, suitable for sorting cans.
- Equipped with automatic stacking and palletizing system, suitable for sorting cans and for cans with a certain distance between each other.
- Machine speed: 1CTS, 2CTS, 3CTS, 4CTS, 5CTS, 6CTS, 7CTS, 8CTS, 9CTS, 10CTS.
- Equipped with CIP, CIP Pressure.

COMBINATION MACHINE FOR COMPOSITE CAN

Product Introduction

- Flanging, Double seaming, washer, coating are all in one machine.
- The flow line can be arranged according to customer's requirement.
- Suitable for 2pc can body.
- Full automatic control system.
- Equipped with the sorting system, suitable for sorting cans.
- Equipped with automatic stacking and palletizing system, suitable for sorting cans and for cans with a certain distance between each other.
- Machine speed: 1CTS, 2CTS, 3CTS, 4CTS, 5CTS, 6CTS, 7CTS, 8CTS, 9CTS, 10CTS.
- Equipped with CIP, CIP Pressure.

PAINT CAN PRODUCTION LINE

AUTOMATIC CAN MAKING MACHINE FOR PAINT CAN

Flanging, Double seaming, Washer, Coating

Product Introduction

- Flanging, Double seaming, washer, coating are all in one machine.
- The flow line can be arranged according to customer's requirement.
- Suitable for 2pc can body.
- Full automatic control system.
- Equipped with the sorting system, suitable for sorting cans.
- Equipped with automatic stacking and palletizing system, suitable for sorting cans and for cans with a certain distance between each other.
- Flanging speed: 1CTS, 2CTS, 3CTS, 4CTS, 5CTS, 6CTS, 7CTS, 8CTS, 9CTS, 10CTS.
- Equipped with CIP, CIP Pressure.

AUTOMATIC CAN CURLING MACHINE

Product Introduction

- Curling, Leaker, Leaker and Leaker are all in one machine.
- Suitable for 2pc can body.
- Full automatic control system.
- Equipped with the sorting system, suitable for sorting cans.
- Equipped with automatic stacking and palletizing system, suitable for sorting cans and for cans with a certain distance between each other.
- Curling speed: 1CTS, 2CTS, 3CTS, 4CTS, 5CTS, 6CTS, 7CTS, 8CTS, 9CTS, 10CTS.
- Equipped with CIP, CIP Pressure.

AEROSOL CAN PRODUCTION LINE

AEROSOL CAN MAKING MACHINES

Flanging, Double seaming, Washer, Coating, Curling, Leaker

Product Introduction

- Flanging, Double seaming, Washer, Coating, Curling, Leaker are all in one machine.
- The flow line can be arranged according to customer's requirement.
- Suitable for 2pc can body.
- Full automatic control system.
- Equipped with the sorting system, suitable for sorting cans.
- Equipped with automatic stacking and palletizing system, suitable for sorting cans and for cans with a certain distance between each other.
- Flanging speed: 1CTS, 2CTS, 3CTS, 4CTS, 5CTS, 6CTS, 7CTS, 8CTS, 9CTS, 10CTS.
- Equipped with CIP, CIP Pressure.
