\* Option : Digital lock available on the first drawer.

**Lock System**

+ DIAL SYSTEM +

The time-tested combination locking device has over a million permutations. The dial features a "ign-proof" cover for extra protection.

+ DIGITAL LOCK SYSTEM +

This is a convenient easy to use feature. Employing the use of an 8-bit micro processor chip, the digital lock system is operated by simple touch. Your secret code can consist of 4 to 16 digits. You can program your own access code in seconds. A time delay lock-out is activated if the wrong number is entered more than 3 times.
