

JSC «RIELTA»

About the company

Rielta Joint Stock Company was established in Saint-Petersburg and is successfully working in the market of security alarm systems from 1993. At the present time our company is one of the leading companies in this industry in Russia.

There are multiple keys to Rielta success: the highest professional level of the personnel, advanced experimental base, technological and testing equipment – all these enables company to move forward in implementation of new products as well as to increase the production volumes.

Passive Infrared Detectors

Foton-9M

Foton-12, 20

Foton-Sh2

**Foton-6
Pyrone-3**

Pyrone-4

Foton-21

Foton-10, 15

Foton-Sh, Sh1

Foton-12-1

**Pyrone-8,
Pyrone-8B,
Pyrone-8-RK,
Pyrone-8B-RK.**

Glass break detectors

Can be used for glass constructions security

Types of the protected glasses:

Simple,
Tempered,
Art,
Armoured,
Compound,
Polymer filmed,
Glass packet,
Glass blocks.

Steklo-3

Steklo-4

with antimasking

**Steklo-3M
Zvon-1**

Combined technology detectors

Two independent detectors in one housing: Glass break and PIR

Orlan, Pyrone-7

Wide angle detection pattern

Orlan-Sh

Vertical curtain detection pattern

Dual technology seismic vibration and tilt detector «Shorokh-3»

he world's first dedicated detector for the protection of ATMs, which combines the two channels of detectivity:

- Vibration detection;
- Tilt detection;
- Selection of the type of protected surface;
- The presence of tamper sensor and separation from the protected surface;
- PC configuration.

Shorokh-3V

First in world special detector for ATM which detect:
vibration strikes tilt or moving explosive gases

Prevention of gas-explosion attacks against ATM

UDAR-KB

- Detection of flammable gases pre-explosive concentration (10 % of dangerous density);
- Explosion countering-action by introduction of phlegmatizing agent;
- Safety air mixture concentration maintenance for time not less then 15 min.

Wireless security system «Ladoga-RK»

PIR

Temperature

Flood

Magnetic contact

Relay output

PIR curtain

Smoke

Communicator

Sound annunciator

PIR with pet immunity

Glass breakage

Hand-held Fire detector

Inertia detector

Alarm button

Fire detectors

Smoke detector

IPD-Ex

Lineal smoke detector

IPDL-Ex

Thermal detector

IPT-Ex

Hand-held fire detector

IPR-Ex

Infrared flame detector

IPP-Ex

Alarm detectors

Passive infrared

Foton-18, Pirone-1

Curtain PIR

Foton-Sh-Ex

Glass break detector

Steklo-Ex

Vibration detector

Shorokh-Ex

Magnetic contacts

MK-Ex
