

SALTO WECOSYSTEM

Empowering smarter access

The SALTO WECOSYSTEM is more than a group of companies and individuals.

We're a community born out of a common goal: **empowering access, in every sense - access to places, experiences and opportunities.**

Our expert global teams collaborate closely, driven by a dynamic spirit and a shared passion that mean every part of our Wecosystem is fully connected.

Each of our companies embrace the latest technologies and prioritises the open exchange of ideas to unlock new ways of working - So we can keep pushing, keep innovating and keep delivering solutions that enable people to access more together.

We believe that our industry still has a long way to go, and we want to have an active role in the exciting journey ahead.

That's why Salto Wecosystem's vision is built on creating real impact in everyday lives. Be that through caring for people and planet with a more sustainable mindset, creating a seamlessly interconnected world for more people, or creating a platform for innovations that will empower access for generations to come.

> SALTO WECOSYSTEM IN DATA

We measure our success by the 360° value we create for our clients, employees, partners, and communities.

1.8M

ACCESS POINTS

Over 1,8M access points, enables us to deliver client-specific industry solutions, accelerating the transition to smart access for our clients. We are equipped to address numerous ongoing challenges, projects, and applications.

40K+

PROJECTS

We have over 40,000 clients and projects from various industries worldwide. Our market reach includes 13 industry groups within numerous geographic markets. Our industry focus gives us an understanding of industry evolution, business issues and trends, industry operating models, capabilities and processes, and new and emerging smart access technologies.

1,700+

PEOPLE

We are a talent- and passion-driven organization with 1,700 employees working in more than 40 countries. Over 300 dedicated engineers who are committed to innovating the next generation of technologies for the future. We prioritize continuous innovation by adopting new technologies early on and enhancing our services, capabilities, and platform functionality.

40+

OFFICES

Worldwide locations and international culture contribute to shaping our global footprint, allowing us to deliver solutions across our broad range of services and provide technical support to clients around the world.

CO2 NEUTRAL

ENVIRONMENT

We have focused on achieving carbon neutrality through ambitious emission reductions at all stages of the product life cycle, including design, production, recycling, and energy efficiency, installing renewable energy generation systems and consuming 100% certified green electricity.
