

Anviz Global is a leading provider of converged intelligent security solutions, committed to providing customers with comprehensive access control, time attendance management, video surveillance, alarm system, and intelligent building solutions. By continuous innovation, and building on our core technology, Anviz strives to provide customers with a safe, convenient, and comprehensive integration solution.

Anviz specializes in creating unified solutions that stretch across Biometrics including Fingerprint, Face & Iris recognition, Surveillance and RFID technology. By offering value driven security solutions and high-quality products, Anviz serves various clients in various verticals from government, retail, industrial and financial.

Anviz, founded in 2001, is a global company that is headquartered in Shanghai, China. Anviz can serve over 100 countries all over the world. It has a 50,000-square-meter factory in Yancheng, Jiangsu and its own branch office in the United States and South Africa. We continue to cooperate with third-party partners, and have established strategic partnership agreements with leading companies such as ADI Global, Aimetis, Allegion, Axxon, HID Global, IntelliVision, Milestone and other solution providers. Through these partnerships, we are providing customers with a one-stop solution for intelligent security.

Anviz strives to create value for employees, customers, shareholders and society. We will actively fulfill our social responsibilities, and contribute our effort to energy saving and environmental protection and sustainable development.
