

ORGANIQ FERTILIZER - NPK 3-7-1

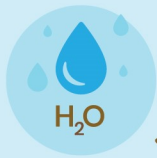

HOW IT'S MADE

100% natural,
no chemical or
other additives

Product is made of
fermented poultry
manure (layers)

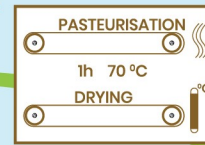

HYDROLYSIS

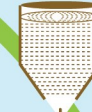

HEAT

WET
ORGANIC MATERIAL

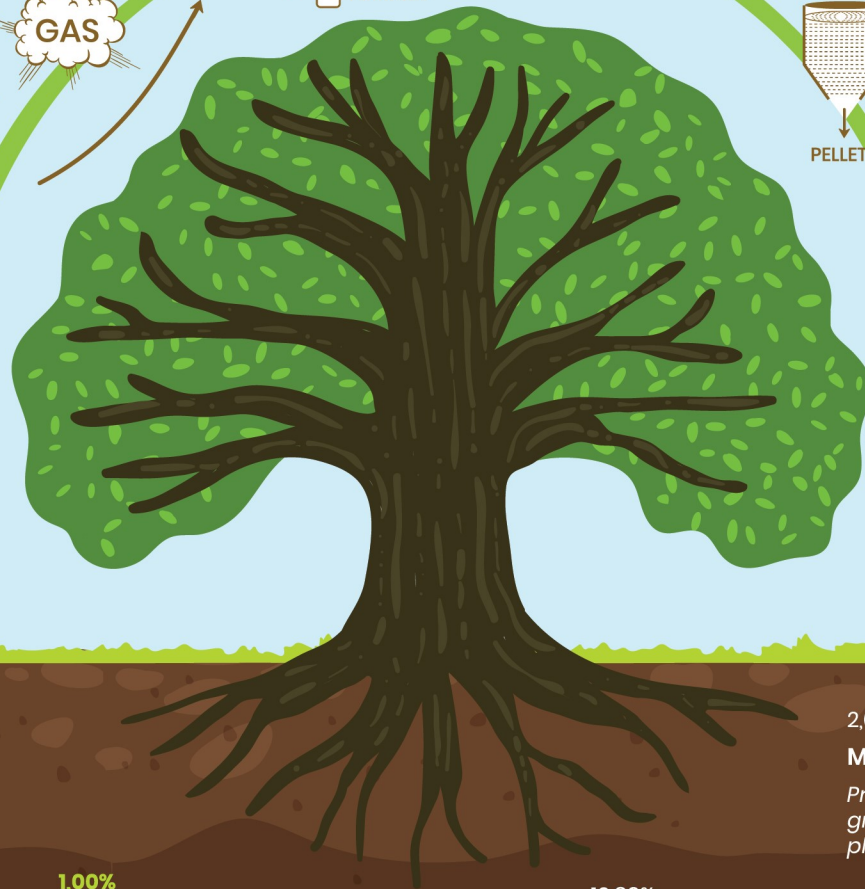

DRY
MATERIAL

High percentage
of stable organic
matter

Free from pathogens
and weed seeds

3,00%
Nitrogen, N
Necessary for plant
development.

7,00%
Phosphorus, P2O5
Contributes to proper
plant growth.

Zinc, Zn
880 mg/kg

Copper, Cu
138 mg/kg

Boron, B
46,5 mg/kg

1,00%
Potassium, K2O
Promotes flowering and
crop yield.

Manganese, Mn
1133 mg/kg

10,89%
Calcium, CaO
Increases plant
resistance to stress.

2,62%
Magnesium, MgO
Provides the intense
green colour of the
plants.

63 %
Organic matter

pH 6,4%
pH/KCl

2,72%
Sulphur, SO3
Promotes nitrogen
uptake.

Molybdenum, Mo
4.4 mg/kg

Due to the natural origin of the raw materials analysis may vary
