

Creative touches...

Have you ever noticed how small touches beautify our lives? Looking suddenly more beautiful by a small touch on our hair when looking in a mirror, or the happiness of seeing our plant blooming as if it thanked us when we come to water it...

We work with all of our power to bring creative touches to your lives by being aware of how important such touches are in our lives.

We closely follow the latest trends, and bring the most authentic designs to life. We excitedly offer you the color options prepared carefully for you and never make compromises on the principles of "usefulness and compliance with plant health".

As **PoliWork®**, we feel honored to share the smile appearing on your face while we producing pots and accessories suitable for each plant.

2

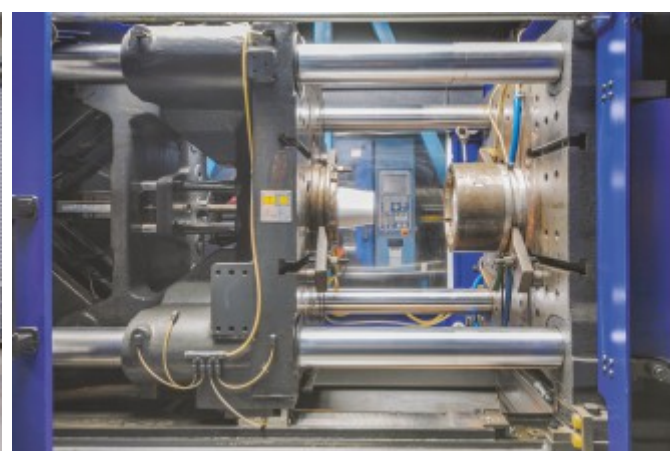

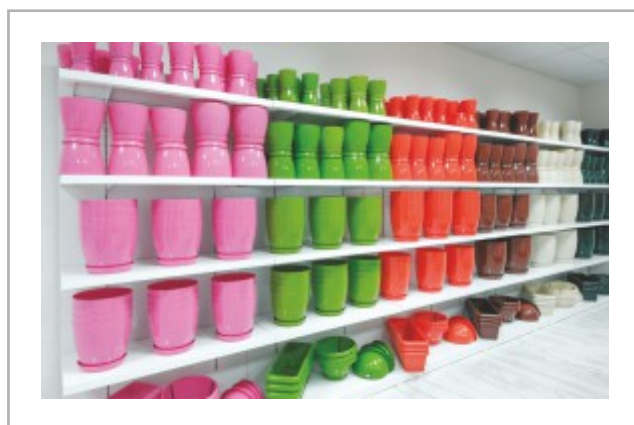

Lider Evcil Hayvan Beslenme Ürünleri San. ve Tic. Ltd. Şti. has been producing plastic flower pots since 2007, is located in Salihli Organized Industrial Zone.

The facility, which has 6000 m² open and 3800 m² closed area, is able to produce 202 different SKUs with 111 its own molds. There are 8 injection machines in the factory.
