

Lisianthus

Eustoma grandiflorum

LISIANTHUS (EUSTOMA)

The popularity of Lisianthus, The Special Flower, continues to grow and grow. Consumers love the fine, elegant look of single varieties or versatile double Lisianthus, the 'Rose Without Thorns'. Fringed and ruffled special types complete the wide assortment, with a Lisianthus suitable for every occasion. Stunning as mono-vases or perfect in mixed bouquets, there is no end to the possibilities.

NEW!

New Lisianthus introductions are exclusively available from Van Egmond Lisianthus for a maximum of two years. For more information contact your Sakata representative.

BOREALIS

Borealis is an ideal Lisianthus for Winter harvesting. It reaches a good height and has an abundance of double flowers in bright colours.

- Group 0/Standard Double Flower
- Ideal for Winter harvest with high yield
- Easier to get good stem height compared to Echo series
- Less blindness than with other standards on the market

ECHO

The original! Echo was the world's first all-double Lisianthus for cut flower production. With large flowers on strong stems, it is ideal for late Spring/ Summer harvesting, and in some regions for late planting in September.

- Group I/Standard Double Flower
- Flower stems are strong and easily support the large flowers
- The world's first 100% all double, large-flowered lisianthus for cut flower production
- A top-quality, popular double-flowering series
- Plant height approximately 80 cm in Summer

EXCALIBUR

Excalibur was bred for ease of production and is suitable for growing in areas where temperatures are a bit higher than standard for Lisianthus. Works well in forcing as a Group 2. Medium-large, fully double flowers and strong foliage.

- Group 2/3 Double Flower
- Advantageous medium sized double flowers
- Strong stem
- Top flowering with more usable flower buds
- Quick and uniform plug performance
- Good vase life
- Less sensitivity to rosetting
- Easy-to-grow; achieves good height

REINA CHAMPAGNE

Reina means 'Queen' in Spanish, and this beautiful large flowered Lisianthus with semi-fringed petals certainly has a regal appearance. Strong stems hold up the well-filled flowers during transportation and in the vase.

- Group 2/Double Flower
- For spring and early autumn production
- Special Champagne colour fits modern trends
- Strong stems for good sleeving and transportability

ROSITA

‘THE ROSE WITHOUT THORNS’!

EUSTOMA GRANDIFLORUM F1

ROSITA®

Rosita® is the standard in double-flowered Lisianthus. With thick petals and strong stems, it is easy to transport the flowers without Botrytis problems. Masses of rose-like flowers and long vase life please consumers. Rosita® is available in groups 1, 2, 3 and now also available in group 4 for maximum flexibility of programming.

- Group 1, 2, 3, 4/Double Flower
- Thick flower petals and top flowering reduce Botrytis during transportation
- Medium-sized, rose shaped flowers
- Excellent vase life with more usable buds

PICCOLO®

Piccolo® is the standard for single-flowered Lisianthus. Thanks to the smaller cup size and hard flower petals, problems with Botrytis in transportation are greatly relieved. Piccolo is ideal for the Summer season or for year-round production with artificial light.

- Group 1, 2, 3/Single Flower
- Today's market standard in single flowered Lisianthus
- Sturdy stems and long vase life
- Best Botrytis resistance
- Delicate flower size
- Wide colour range
