

Vandamme Sierplanten bvba

About the company

Vandamme Sierplanten BVBA is a dynamic family business that specialises in growing high-quality ornamental shrubs in containers of between 3 and 20 litres.

Its wide range of ornamental shrubs, conifers, hedging plants, etc. is suitable for wholesalers, garden centres and cash-and-carries alike.

The business benefits from both the in-depth experience of its founders and the input from the new generation. It is customer-focused at every level, from the range it offers to the preparation of orders.
