

We offer you quality and we do it responsibly: we are constantly committed in environmental sustainability.

We use 100% renewable electricity.

• **res nova || Don't break the cycle!**

Make a conscious choice:

- ✓ 100% recycled and 100% recyclable raw materials
 - ✓ top quality
 - ✓ less pollution and CO₂ reduction
 - ✓ deep environmental engagement
- ✓ great communication campaign and attractive display solutions

**International
biodegradability
standard ISO
14855**

• **BioCompo(S)t || Quality and sustainability: the main values followed by IDeL!**

The environmental care is not a joke:

- ✓ certified, biodegradable and compostable raw materials
- ✓ compliance with the international biodegradability standard ISO 14855
 - ✓ natural wood display
- ✓ genuineness perception to impress the consumer

Sustainability influences customers' buying choices.
Be sustainable. Be IDeL.

Create your SustainIDeL corner in your store.
Impress the customer and boost your sales!
